A PRACTICAL SUGGESTION.

We clip the following from the

Morrow Co. Sentinel:

"That in the re-organization of the

Judiciary system under the proposed

new Constitution, such changes

should be made as experience has

proved to be necessary to insure the

speedy administration of the law and

economy to the people, and as will

avoid the defects, delays, continuances

and enormous expense in time

and money to the people.

"That to effect this object, there

should be established in each county

of the State, as is now the case in

Hamilton county, one or more

Courts of Record, to be called the

County Court of Common Pleas, to

be open at all times; to be held by

one Judge, elected by the qualified

voters of the county, with such

appellate and original jurisdiction

in civil and criminal cases, as is now

exercised by the Court of Common

Pleas.

"That the County Court of Re-

cord, known as the Court of Probate

with jurisdiction in *habes corpus*, of

probate and administration, the

issuing and revocation of letters

testamentary, letters of administration

and guardianship, the settlement

of the account of executors, administrators

and guardians, should be abolished,

and the duties thereof, enjoined

on the Court of Common Pleas.

"That in counties having a population

exceeding 50,000, the General

Assembly may provide for the

election of a separate officer to perform

the duties of the office of Probate

Judge."

Since the above was put in type, it

afford us pleasure to announce that

Judge Richardson has been made

Secretary of the Treasury. We

heartily congratulate him and the

country.

The Cleveland Herald has to say

concerning certain officials, in

connection with the Congressional

Salary:

"Those pure patriots, Senators

Trumbull and Tipton, whose horror

of corruption and extravagance was

so great that they would not remain

in the Republican party, had no

scruples of conscience in voting them-

selves five thousand dollars each in

addition to the pay for which they

agreed to serve their country. Sen-

ator Sumner was not present, being

ill, and Senator Fenton, who was al-

so an apostle of purity during last

year's campaign is not recorded

among those voting. It is to the

credit of Ohio that both its Sen-

ators voted against the proposition in

all its forms and persisted to the end.

The Inauguration Ball Building

has been the theme of much com-

ment, all over the country. The en-

terprise was the work of some twen-

ty private citizens. The entire

length of the building was 400 feet

and the width, 200. The building

was admirably arranged, dress-

ing, cooking, supper, rooms &c, were

provided and the decorations were

in excellent taste, mag-

nificent. The entire cost of the

building, Mr. W. D. Colt, one of

the proprietors, informed us, was

\$75,000, exclusive of donations.

The provender required for the

occasion was prepared in New York,

by Prof. Torhillon and the amount

required was enormous, as the reader

will see, from the following list of

dishes, which we clip from the Na-

tional Republican:

10,000 fried oysters.

8,000 pickled oysters.

8,000 scalloped oysters.

65 boned turkeys of twelve

pounds each.

75 roast turkeys about twelve

pounds each.

150 roast capons, stuffed with

truffles.

150 saddle of mutton, about

one hundred pounds each.

40 pieced beef, forty

pounds each.

200 frozen quails, larded and

roasted.

107 game pates, fifty pounds

each.

300 tongues, ornamented with

jelly.

200 hams, ornamented with jel-

ly.

30 salmon, baked, Montpelier

butter.

100 chickens chaut of frok.

400 patrices (Washington

style).

25 boars' heads, stuffed and

ornamented.

40 pates de foie gras, ten

pounds each.

2,000 head cheese sandwiches.

3,000 ham sandwiches.

3,000 beef tongue sandwiches.

1,500 bunches celery.

30 barrels salad.

2 barrels lettuce.

350 chickens, boiled for salad.

2,000 pounds of lobsters, boiled

for salad.

6,000 eggs, boiled for salad.

1 barrel of beets.

2,500 loaves of bread.

8,000 rolls.

24 cases Prince Albert crack-

ers.

1,000 pounds of butter.

300 Charlotte Russe, 1 1/2 pounds

each.

300 Claret wine jelly.

200 moulds blanc mange.

300 gallons ice cream, assorted

flavors.

200 gallons mixed candies.

10 boxes raisins.

200 pounds shelled almonds.

300 gallons claret punch.

300 gallons coffee.

200 gallons tea.

100 gallons chocolate.

We have not learned the cost of

the above supper, but the baking

and preparing alone cost \$10,000.

The Wretched Conclusion.

When the Poland Credit Mobilier

report was published it was received

by the country with disappointment

and dissatisfaction, because it pro-

vided for no censure and no punish-

ment for any of the guilty Congress-

men, except the resolution for the

expulsion of Messrs. Ames and

Brooks. The country protested

against the attempt to condone the

scandalous corruption and enormous

frauds upon the government devel-

oped in that report by the sacrifice

of two "scape-goats." This ex-

pression sprung impulsively to the
